

# CLINICAL PSYCHOLOGY PLACEMENT

## PROSPER HEALTH COLLECTIVE

### LEARN AND GROW WITH PROSPER HEALTH

At Prosper Health Collective we relish the opportunity to support Masters students on their journey towards being Clinical Psychologists.

Our practice is ideally suited to provide a breadth and depth of experiences to students on placement with a wide variety of opportunities dependent on your learning objectives including child, teen and adult clients. There are options for assessments, mental health interventions and working with neurodiversity and developmental delays.

In addition to experience in assessment and intervention, a placement at Prosper also provides experience in collaborating with other health professionals and operating a private practice. We have a large supportive team who are always willing to help.

#### ABOUT US

### WHO WE ARE

Prosper Health Collective is a well-established practice with locations in Booragoon, Canning Vale, and Stirling. We focus on enhancing well-being and supporting individuals of all ages with various mental health and neurodevelopmental conditions.

We have a positive team culture with 100% of our team voting us a Great Place to Work. ©

### WHAT PAST STUDENTS HAVE TO SAY

*"Doing my placement at Prosper has been one of the biggest learning opportunities of my university journey, and I have been so lucky to be surrounded by such a supportive team throughout this time. It is such a rich learning environment, and exactly what I had hoped my final placement to be."* Sonya C, 2023 placement

*"The team is hugely supportive, kind, accommodating, and always striving for excellence with compassion. I learned so much when I completed my placement at Prosper and continued to stay on because work is enjoyable here. Prosper is the place where I grow and will continue to grow."* Elizabeth A, 2019 placement

*"The placement was so good that I have stayed at Prosper for the past 5 years. It's nice not only to have support from a supervisor but also the whole team."* Jenna T, 2018 placement
